Dear Court Clerks,

## **An Introduction to the Reporting Guidelines**

Supreme Court Rule 11, Section II requires the Administrative Office of the Courts (AOC) to maintain case related statistics. To comply with this standard, the AOC created Tennessee Judicial Information System (TJIS) which compiles data, from across the state to produce meaningful statistical reports. The reporting guidelines below are dedicated to complying with Rule 11.

We are thankful to each court clerk and office staff for their hard work and expertise in filing and disposing case information. Your expertise and hard work in TJIS and other systems provide the Tennessee Judiciary, with the information required for detailed reporting guidelines. Because of you and the clerk's office, we are able to comply with the rules and orders asked of the AOC and we thank you for all your hard work in making the TJIS database possible.

To maintain the most accurate data possible for your reports, the AOC may contact the clerk's offices for assistance when errors occur. For example, the AOC creates pending reports to verify the cases that are filed, but not disposed. The AOC also sends verification reports to each clerk's office prior to publishing its Annual Report of the Judiciary. These validations are vital for accurate data and, again, I would like to thank each clerk's office for all their support.

Thank you for your time, your expertise, and your professionalism. I am happy to work with you. Should you have any questions regarding TJIS reports, forms, or instructions, please contact the Information Technology Services Division of the AOC at 1-800-448-7980 or e-mail at [tjis.reporting@tncourts.gov](mailto:tjis.reporting@tncourts.gov).

Sincerely,

**Original filings** are defined as any new case filed during the reporting period or any case received for a change of venue from another county or court. All appeals from a lower court are classified as original actions.

**Reopened filings** are defined as any case that has previously been filed and disposed, but has subsequent action.

**For each docket number, there can only be one reopened or original case pending at any given time.**

For Manual Paper Reporting the filing portion of the Civil Case Coversheet should be filled out for each original or reopened filing of a case. (A separate coversheet is used for each case number).

## Manner of Disposition (Disposition Categories):

Field on Disposition Coversheet used to categorize the disposition for the case.

Item	Definition
1. Withdrawn/Voluntary Nonsuit	When the plaintiff abandons his case, and consents that judgment go against him for costs.
2. Compromise/Settlement – no court hearing	A settlement that does not necessarily involve both parties appearing before the judge. Includes dismissals initiated by one of the parties for failure to prosecute; reconciliation orders, workers' compensation settlements; compromise and settlement orders. Agreed Orders of Dismissal or Compromise/Agreed Settlements should be reported as 'Compromise/Settlements' not as 'Dismissals'. Typically, the parties have reached an agreement, and the attorneys or parties have brought the order for the judge to sign. Note that a judge may swear in a witness and hear testimony, as long as the party or parties have come before the judge to have a compromise or settlement finalized by order, this is still reported as a Compromise/Settlement – no court hearing, not as a Non-Jury Trial.
3. Court Approved Settlement	The parties have reached an agreement and appear before the judge. The judge signs the agreement order after hearing whatever evidence he/she deems necessary. The judge may swear in witnesses and hear evidence to satisfy the court that the settlement is valid. This swearing in and presentation of evidence does not constitute a Non-Jury Trial.
4. Uncontested/Default	A defendant either chose not to or failed to contest the plaintiff's allegation.
5. Transferred	The removal of a case from the jurisdiction of one court or judge to another by lawful authority. This does not include cases reassigned to another judge within the same judicial district and court, but only those transferred to another district or from circuit to chancery, etc. Always put the judge.
6. Dismissal	An order or judgment rendered by the judge finally disposing of an action, suit, motion, etc., without trial of the issues involved. Terminates the jurisdiction of a trial court before a judgment is reached. Such may be either voluntary or involuntary.
7. Trial-Non-Jury (Bench)	A trial is held before a judge. The party or parties have come before the judge seeking a decision based on the merits of their case. Witnesses and evidence are presented, and the judge renders a final decision in the case. When at least one witness has been sworn under this scenario, the case is to be reported as disposed by Trial – Non-Jury even if the parties reach a compromise or settlement.
8. Trial-Jury	Trial is held before a judge with a jury impaneled. The party or parties appear in court seeking a jury verdict on the merits of their case. Please note that under this scenario once a jury is impaneled, whether they render a verdict or not, the case is to be reported as disposed by Trial-Jury even if the parties reach a compromise or settlement.
9. Other	Any case disposed in a manner not specifically described in one of the other categories.

## Multiple Party Dispositions:

If a civil case involves **multiple parties**, only report one disposition for the case. Once judgments have been reached for all parties, the case should be disposed. The highest-level manner of disposition should be used in the disposition, using the order of ranking listed below. “Trial – Jury” is the highest level and “Other” is the lowest level.

### Highest

1. Trial – Jury
2. Trial – Non-Jury
3. Court Approved Settlement
4. Dismissal
5. Transferred
6. Uncontested/Default
7. Compromise Settlement – No Court Hearing
8. Withdrawn
9. Other

#### Note:

Do **not** report the case closed until there has been a disposition for **all the parties**.

### Lowest

See page 16 for “Manner of Disposition” definitions.

Before such a case is considered closed, an order of judgment must be entered pertaining to all parties, either jointly or individually.

If any of the dispositions involved Alternative Dispute Resolution (ADR), the case disposition should also report that ADR was involved, regardless if that party’s disposition was the highest-level manner of disposition.

For example, if there were 2 parties involved in a case and one party’s manner of disposition was “Trial Non-Jury”, and the second party’s disposition was “Court Approved Settlement” involving ADR, the case would be reported with the manner of disposition as “Trial, Non-Jury”, and the ADR checkbox would be marked as Yes.

### **Child Support/Interstate Support Cases:**

Child support/interstate support cases should be reported closed on the date a support order is entered or on the date of transfer to another state. Do **not** leave cases open until a child reaches age eighteen.

After the final order of a child support case, a subsequent hearing should only be considered a reopening of the case if a petition is filed to change the original order.

Outgoing UIFSA cases can be closed when the "Certificate and Order" is signed and transmitted to the defendant's state of residence. Do not wait for a response from the other state before disposing of the case.

### **Reconciliation Orders in Divorce Cases:**

Reconciliation orders or orders of suspension in divorce cases should be disposed when they are granted. The case should only be reopened upon further activity, such as a petition.

#### **Note:**

After the divorce or the reconciliation order is granted, the case should be closed.  
DO NOT reopen for a divorce.  
Create a new case.

### **Small Estate Probate:**

The small estate affidavit limited letter of authority shall remain open and active until the first anniversary to allow for amendments or conversions to the original affidavit limited letter of authority.

The disposition date for small estate probate cases should be reported the day the order is signed. In most instances, these cases are filed and disposed on the same day.

Since the clerk signs the order for these cases, report the judge as the clerk and master code for that district.

### **Conservatorship:**

Conservatorship cases should be reported as disposed to the AOC when the inventory is filed. If the particular case has no inventory issue, it should be reported closed when the conservator is appointed. A reopening should only be filed if there is a matter in the case that will require a hearing before a judge. Annual accountings that do not require a hearing should not be reported as a reopened case.

### **Guardianship:**

Guardianship cases should be reported as disposed to the AOC when the guardian is appointed. A reopening should only be filed if there is a matter in the case that will require a hearing before a judge. Annual accountings or periodic reporting by a guardian that do not require a hearing should not be reported as a reopened case.

### **Trust:**

Trust cases should be reported as disposed to the AOC when the order establishing the trust is signed. A reopening is only filed if there is a matter in the case that requires a hearing before a judge. Annual accountings that do not require a hearing should not be reported as a reopened case.

### **Judicial Hospitalization:**

Judicial Hospitalization cases should be reported as disposed to the AOC after the second hearing has taken place. In these cases, an initial hearing takes place and the individual in question is placed under a psychiatric evaluation. A second hearing is held after this evaluation period to determine competency. It is at the conclusion of this second proceeding that the case should be reported as disposed. A reopening should only be filed if a matter in the case that will require a hearing before a judge.

### **Medical Malpractice and Other Damages and Torts Disposition Information:**

Tennessee Code Annotated, § 16-21-111, requires the clerks of court and the clerks and master to report additional information regarding cases claiming monetary damages for personal injury or death.

If a medical malpractice or damages and torts case has multiple awards, report the total of the original awards.

#### **Note:**

Question 11 on the civil case coversheet should be checked yes, only if monetary damages were awarded for case types 451 or 471. If an award was granted, fill in the original award amount.

### **Tips and Tricks:**

Only report original dollar amounts on line 11.

Only report the Additur and Remittitur amount on line 12.

If an additur, remittitur is awarded after the initial disposition of the case, a correction form should be filled out completing line 12.

The original amount recorded should include the total amounts awarded to all defendants.

Cases claiming money for property damage or for loss of right should not be filed as case type "Other Damages/Torts (471)".

## TJIS Reports for Data Verification:

---

TJIS data is used for the Annual Report of the Judiciary.

This data is provided to the Office of the Comptroller to generate the annual weighted caseload study. The Comptroller's Office must present the findings of the updated study to both the Judicial Council and the Legislature each year. The data plays an integral part in reviewing and identifying needs for new judgeships, district attorneys general, and public defenders.

The data is also reported to various national judicial publications. It is very important that the data be as accurate and complete as possible.

Careful consideration should be given to these reports since the data is used in numerous ways. The following reports are issued to all clerks and judges for verification:

### Quarterly Pending Report

This report is sent quarterly with the as-of quarterly date at the top of the report. The report reflects cases that have been filed prior to that date. If the disposition has been reported to the AOC, it will show up on the report. **Please only update disposition information before the reported due date.** Send in all other with your monthly data.

For faster data processing please update pending dates in your court system software before sending your monthly data.

Doing so will allow your information to update, once uploaded, into the AOC's

### Annual Audit Report

Audit Reports are provided on a "request only" basis. They list cases filed and/or disposed during a specific date range. It can be used by clerks and judges to verify case data.

### Annual Medical Malpractice and Damages and Torts Reports

Medical malpractice and damages and torts reports list cases disposed by jury or non-jury trials within a specific fiscal year. It is very important that monies awarded in these cases are reported accurately.

The AOC will provide reports upon request.

## Instructions for Cleanup of TJIS Pending Reports:

In an effort to make TJIS data as accurate as possible, please complete the following steps when correcting a pending report.

The report reflects cases filed as of the date listed at the top of the report.

1<sup>st</sup> Quarter as of September 30<sup>th</sup>

2<sup>nd</sup> Quarter as of December 31<sup>st</sup>

3<sup>rd</sup> Quarter as of March 31<sup>st</sup>

4<sup>th</sup> Quarter as of June 30<sup>th</sup>

Look over each docket number carefully.

If a docket number is listed incorrectly, write (on the pending report) the correct docket number beside the incorrect docket number. If there is a docket number that does not belong, indicate that it should be deleted.

For cases that are listed on the reports, but should be disposed, three pieces of information are required: disposition date, manner of disposition, and judge's name. This information should be written on the pending report beside the docket number and returned to the AOC for correcting.

If the case is Pending, write "P" beside the docket number.

If the report shows cases that have been disposed after the date listed in the report, **do not** submit disposition information for those cases. To simplify this, put a check by the cases.

Example: If the pending report is for the 1<sup>st</sup> Qtr. as of September 30<sup>th</sup> and your October data has been reported, the dispositions are reflected on the report.

## **RULE 11: SUPERVISION OF THE JUDICIAL SYSTEM.**

### **II. Functional improvement of judicial system - Uniform procedures for data collection in civil and criminal matters in circuit, criminal, chancery, probate, and general sessions courts.**

a. The judicial system of this State henceforth will function as an integrated unit under the direction and supervision of the Supreme Court.

b. Pursuant to its statutory duty to assist the Chief Justice of the Tennessee Supreme Court in improving the administration of justice, the Administrative Office of the Courts (AOC), working with a committee of representatives from the District Attorneys' General Conference, the Public Defenders' Conference, the Tennessee Judicial Conference, and the Clerks of Court Conference, has developed a procedure for the collection of uniform statistical data on matters filed in the Circuit, Criminal, and Chancery Courts of this state.

c. The Court finds that the data collection procedure designed by the Administrative Office of the Courts, in conjunction with the above-named committee, will aid in the accomplishment of the AOC's statutory duties, (Tenn. Code. Ann. § 16-3-803(g)), that the collection of statistical data by the AOC is specifically authorized by statute (Tenn. Code. Ann. § 16-3-803(i)); and that all judges, clerks of court, district attorneys general, district public defenders, other officers or employees of the courts, and all staff of offices or employees related to and serving the courts, are charged with complying with all requests for information from the Administrative Director of the Courts. Further, to ensure that comparable data is collected from all of the courts, data collection shall follow the standard definition of a case as set forth in Tenn. Code. Ann. § 16-1-117.

(1) **Responsibility for Submission of Data.** Each clerk of a circuit, criminal, chancery, probate, general sessions, or municipal court with general sessions jurisdiction is responsible for submitting the data required by this rule to the Technology Services Division of the Administrative Office of the Courts. Submission of data specified by this rule shall be filed with the AOC not later than fifteen (15) days after the close of the month in which the case was filed and also the month in which it was disposed.

Clerks for courts of record other than juvenile court shall require that any complaint and summons filed to commence, reopen, or reinstate a civil action shall be accompanied by a Civil Case Cover Sheet for reopened cases, which has been completed by the initiating

party or his/her representative. The clerks shall also require a new Civil Case Cover Sheet (Reopened Cases) to be completed upon the grant of a new trial. Upon issuance of a final order disposing of the case, the clerk of court shall complete the disposition portion of the Civil Case Cover Sheet in full. For clerks who report electronically, all initial filings, reopens and the subsequent dispositions shall be reported in the monthly data file to the AOC accordingly to the specifications provided by the AOC. For clerks who cannot report electronically, a copy of the cover sheet containing this disposition information shall then be forwarded to the AOC on a monthly basis.

In addition, the clerks of courts of record other than juvenile shall require that any indictment, presentment or criminal information that initiates a criminal action in circuit or criminal court shall be reported to the AOC accordingly to the specifications provided by the AOC (accompanied by a Criminal Case Cover Sheet which has been completed by the district attorney general or his/her office. The clerks shall complete a new Criminal Case Cover Sheet upon the grant of a new trial, upon a case appealed from a lower court, or upon any petition to re-open or reinstate a criminal action). Upon issuance of a final order or judgment disposing of the case, the clerk of the court shall report electronically the disposition for each docket number and all related charges according to the specifications provided by the AOC.

Clerks' offices that are automated shall report statistical information monthly to the AOC by submitting an electronic file according to the specification provided by the AOC. In the event that a clerk is unable to do so due to technical difficulties, the clerk may report by sending the completed Criminal Case Cover Sheets and/or Civil Case Cover Sheets to the AOC.

**(2) Administrative Director; Reports Public Record When Filed.** All reports specified by these rules shall be public records. The Administrative Director of the Courts shall publish an annual compilation of the reports. All judges, court clerks, district attorneys general, district public defenders, and officers of the court shall cooperate with the Administrative Director to ensure the accuracy of the reports. As required by statute, the Administrative Director of the Courts shall annually report to the Chair of the Judiciary Committee of the Senate, the Chair of the Judiciary Committee of the House of Representatives, and the Office of the Comptroller Division of Research and Accountability as to the failure of any judge, district attorney general, district public defender, or court clerk to comply with any of the reporting requirements.

Compliance with the reporting requirements includes, but is not limited to, submitting data files or, if for those who cannot report electronically, cover sheets within the fifteen (15) day time frame, submitting data every month, submitting data according to specifications provided by the AOC, and using correct case numbering and definitions.

The Administrative Office of the Courts will provide written notification to any responsible reporting party found not to be in compliance with the statute or reporting guidelines. Written notification will detail the type of non-compliance and recommend the corrective action to be taken. If compliance is not achieved during the subsequent reporting period following notification, the Administrative Office of the Courts will no longer accept data from the office not in compliance, until such time as the error(s) are corrected. Notification of this action will be sent to all judges, district attorneys general, district public defenders, and court clerks within the district that the non-complying office is located in. Notification will also be sent to the District Attorney General Conference, the District Public Defender Conference, the Administrative Office of the Courts, and the County Officials Association of Tennessee. Any periods of non-compliance will also be reported in the annual report to the chairs of the House and Senate Judiciary Committees.

The Technology Services Division of the AOC shall provide an Implementation Manual that contains commentary and explanatory material pertaining to these rules and the report forms required by these rules. The Implementation Manual shall also contain a data dictionary outlining data to be submitted and format for that data.

(3) **Case Counting.** For purposes of this rule, the term "docket number" is defined as the separate and distinct identification number used for a case once it is filed in criminal, circuit, chancery, or probate court.

Each criminal case shall be assigned a unique docket number. A criminal case shall be defined and reported as a single charge or set of charges arising out of a single incident concerning a single defendant in one (1) court proceeding. An incident shall be all criminal activity occurring on the same date. A court proceeding refers to a single level of court, such as general sessions or circuit. An appeal, probation revocation, or other post-judgment proceeding shall be considered a separate case. This definition shall not alter the practice in the Tennessee rules of criminal procedure dealing with joinder and severance of criminal cases. In addition, in courts of record, multiple incidents shall be counted as a single case when the charges are of a related nature and it is the district attorney general's intention that all of the charges be handled in the same court proceeding pursuant to a single charging document.

A civil case shall be defined as all motions, petitions, claims, counter claims, or proceedings between the parties resulting from the initial filing until the case is disposed. A docket number will be assigned to a civil case upon filing. Until said cases

are disposed all subsequent motions, petitions, claims, counter claims, or proceedings between the parties resulting from the initial filing will be handled under the assigned docket number and will not be assigned a new docket number. Once a civil case has been disposed and further actions occur on the case, the original case will be reopened using the same docket number under which it was originally filed. All subsequent motions, petitions, claims, counter claims, and proceedings relating to the reopened case will be handled under the one reopened case docket number until disposed. Any subsequent reopenings will still use the original docket number.

(4) General Sessions Reporting - Effective July 1, 2003, or sooner if practical, all general sessions courts and municipal courts with general sessions jurisdiction shall collect and report to the AOC all civil and criminal case data in accordance with the definitions provided under Part (3) above and guidelines published by the AOC.

Clerks of general sessions and municipal courts with general sessions jurisdiction shall submit data monthly according to specifications provided by the AOC.

General sessions courts and municipal courts with general sessions jurisdiction having an automated case management system shall report the collected data in accordance with the guidelines by electronic data file submission.
