THE COURT INTERPRETER ORAL EXAMINATION

What to expect:

There will be a test administration supervisor who is responsible for oversight of the entire test administration process. It is the responsibility of the test administration supervisor to ensure that test security standards are maintained and that the tests are administered in accordance with these instructions/standards.

The supervisor will be assisted by a test registration clerk and a test proctor. The test registration clerk is the person to whom candidates report when they appear for the test. The clerk secures identification, registers the candidates, provides them with any necessary pre-test information, and maintains security in the waiting area. The test proctor is the person who will administer the examination to the candidate. The proctor will explain the test and operate the audio equipment which is used in administering the exam.

The structure of the test:

The oral exam has three parts:

1) Sight Translation – You will be given a document to translate orally from English into Spanish. You will be given a second document to translate orally from Spanish into English. Each document is approximately 225 words in length. You will have a total of six minutes to complete each task.

2) Consecutive Interpreting – This portion of the test consists of an audio tape recording from a transcript representing witness testimony. The examinees must interpret the testimony, acting exactly as if they were in court. This will involve interpreting from English into Spanish (attorney's questions) and from Spanish into English (witness' responses). You will have twenty-two minutes to complete this task. To prepare for this section of the examination, the National Center for State Courts recommends that you practice interpreting in the consecutive mode until you are able to interpret 45 to 50 separate utterances of varying lengths (up to 950 words total) within 20-22 minutes.

3) Simultaneous Interpreting – This portion of the test consists of an audio tape recording of a passage based on an attorney's opening or closing statement to a judge or jury, a discussion between a judge and an attorney, or a similar proceeding. You will simultaneously interpret this material from English into Spanish. It is approximately 900 words in length and is recorded at an approximate speed of 120 words per minute. This portion of the test takes approximately 10 minutes, with instructions and preparation, and the recording lasts approximately 7 minutes.

Your response to each part of the examination is recorded on audiotape by your test administrator. Your exam will be graded by professional interpreters who have been trained to rate oral exams under the auspices of the National Center for State Court's Consortium for Court Interpreter Programs.

The entire exam takes approximately 40-45 minutes.

What you MUST bring to the testing session:

Letter of Admission

Positive Photo Identification (This must be a driver's license or passport. An interpreter photo identification card is NOT sufficient.)
