Introduction to Criminal TJIS Reporting

Supreme Court Rule 11, Section II requires the Administrative Office of the Courts (AOC) to maintain statistics of case related information. The Tennessee Judicial Information System (TJIS) compiles data from across the state and produces statistical reports based on the compiled information.

The AOC compiles filing and disposition related data from the clerk's offices in each county. All filing records are matched with disposition records as disposed.

When the AOC receives a filing, disposition, or correction, it is logged, entered, checked for errors, and loaded directly into the centralized TJIS database. After the information is loaded, each disposition is matched to the appropriate filing record. If errors occur, the AOC may contact the clerk's office for assistance in completing or correcting the data.

In an effort to maintain accurate and complete statistics, the AOC creates pending reports to verify the cases that are filed but not disposed. The AOC also sends verification reports to each clerk's office prior to publishing its Annual Report of the Judiciary.

Should you have any questions regarding TJIS reports, forms, or instructions, please contact the Technology Services Division of the Administrative Office of the Courts at 1-800-448-7980 or e-mail us at tjis.reporting@tscmail.state.tn.us

Reporting Requirements

Reporting requirements for TJIS are provided in Supreme Court Rule 11, see Appendix page 38.

Preparation of Records and Reporting

Electronic media or paper forms should be submitted and received by the AOC on or before the 15th day of the month following the given reporting period.

For example, the March reports should be received by April 15th. Additionally, the designation "March" reports are those with filing and disposition dates in the month of March.

If there are no filings or dispositions for a given month, fill out the "Criminal Case Cover Sheet" form with the location code and court information and write "no filings/dispositions for (specify month)."

Counties that report electronically also need to notify the AOC, by memorandum or filing form that there were no filings/dispositions for a given month. After completion, manual forms or diskettes should be mailed monthly to the following address:

**Administrative Office of the Courts
Technology Services Division
Nashville City Center, Suite 600
511 Union Street
Nashville, TN 37219**

□ Manual Paper Reporting

For counties reporting by paper there are two multi-part forms to be used: Filings and Corrections. Various colors designate which sheets are to be sent to the AOC and which are to be kept for the clerk's records.

To manually report a filing, the white copy of the Criminal Case Coversheet should be completed as the case is filed and sent to the AOC at the end of the month. The yellow copy should be sent to the AOC when the case is disposed. The pink and goldenrod copies should be retained by the clerk's office.

The docket numbers should not contain any spaces or /, -, ', or *.

All corrections must be submitted on paper forms.

Additional line by line instructions for each of these forms are detailed beginning on page 12.

□ Electronic Reporting

For counties that report electronically, a copy of the file layout is found on page 8.

Filing records must include County Number, Location Code, Docket Number, Date of Filing, Defendant's name, Type of Filing (PII, PV, etc.), Count Number, TCA Code (for PV, OPMW, PCR, and EXP, enter 11-11-1111), Offense Type, Offense Class, Source Code, Sealed indictment (yes or no), and Juvenile case (yes or no).

Disposition records must include the County Number, Location Code, Docket Number, Date of Filing, Defendant's Name, Type of Filing, Disposition Date, Judge Code, Count Number, TCA Code (for PV, OPMW, PCR, and EXP, enter 11-11-1111), Offense Type, Offense Class, Disposition Type, Hearing Type, Source Code, Final TCA, Final Offense Type, Final Offense Class, Sealed Indictment (yes or no), and Juvenile case (yes or no).

Cases which are filed and disposed in the same month should be reported as two records, once as a filing and once as a disposition. The source code should be '1' for filings, or '2' for dispositions.

Docket numbers should not contain any spaces or '/' or '-' or '*'.

A judge code must be used when reporting electronic records. Do not include the judge name in electronic records. If a new judge, or a judge from another district hears cases and does not have a judge code assigned, please call the AOC to obtain the correct judge code.

Note:

The AOC maintains the most current judge code listing.

'No True Bills' should **not** be reported to the AOC. If for any reason they are reported, please notify the AOC to delete these docket numbers.

Note:

'No True Bills' should not be reported to the AOC.

Special Rules for PV's, OPMW's, and PCR's are:

- TCA codes should be reported as **11-11-1111**.
- Offense type and offense class are not required.
- Only report one count per defendant per filing date.

All corrections must be submitted on paper forms.

Prior to sending Expungement records, a disposition record should be reported to the AOC. Expungement records should include the original filing date, the type of filing as "EXP" and a source code of 2.

Make sure that diskette labels include the county name, court, month of data, and if needed, whether the disk contains filing and/or disposition data.

Filenames must have an extension (i.e., *filename.txt*) and identify which are filings and/or dispositions, if necessary.

Disks should be placed in disk mailers before submitting to the AOC. If disk mailers cannot be purchased, please wrap the diskette in protective covering and write, "DISK(S) ENCLOSED, DO NOT SCAN" on the outside of the mailing envelope. It is important that the disks not be scanned. Magnetic scanners used by the postal service can strip data from diskettes.

Counties which report electronically are asked to contact the AOC, Technology Services Division by memorandum, or by submitting a filing form marked "No Data for Month of (*specify month*)", if there are no filing or disposition records for a given month. Please indicate County and Court.

If reporting data by e-mail attachment, please send to the following address: tjis.reporting@tscmail.state.tn.us. If connected to the state's network, the data can be sent to "TJIS Reporting" in the GroupWise Address book. The e-mail should include the County, Court, Month for data being submitted in the subject line, and identify which files are filings and dispositions, if necessary.

FILING INSTRUCTIONS

The filing portion of the Criminal Case Coversheet should be filled out for each case. (A separate coversheet is used for each case number).

The white copy of the Criminal Case Coversheet should be completed as the case is filed and submitted to the AOC at the end of the month. When the case is disposed, the yellow copy should be completed and submitted to the AOC. The pink and goldenrod copies should be retained by the clerk's office.

When cases are returned from the Grand Jury as a "No True Bill", they should not be reported to the AOC.

Cases which are indicted under seal should be reported. Identifying information will be kept confidential until the case is disposed, provided the sealed box has a check mark.

Multiple Defendants:

In criminal cases, each defendant should be assigned a separate case (docket) number. If a single docket number must be used, separate defendant identifiers (such as letters) should be added **to the end of the original docket number** (not beside the defendants' names). If two defendants are on the same indictment, and the counts alternate between them, they can be reported to the AOC in one of two ways: each defendant can have consecutive counts or the counts can alternate between the two defendants, as it appears in the indictment.

Example:

1. Different than it appears in the indictment:

<u>Defendant 1</u> (1234A)	<u>Defendant 2</u> (1234B)
Count 1	Count 1
Count 2	Count 2
Count 3	Count 3

2. As it appears in the indictment:

Habitual Motor Vehicle Offender (HMVO):

• **Petitions to Declare:**

For statistical purposes, please report a "Petition to Declare a Habitual Motor Vehicle Offender" on a criminal cover sheet. While these are technically civil cases, they are generally heard in criminal court and are cases initiated at the request of the district attorney. "Petition to Declare a Habitual Motor Vehicle Offender" should be reported as the Type of Filing OPMW ("Other Petition, Motion or Writ").

• **Violations after Restriction:**

After a violation, the Type of Filing should be reported as "Presentment, Indictment or Information" since there will be an indictment. This is considered a new PII case either using the same case number with a new indictment date (filing date) or by assigning a new docket number using the new indictment date (filing date). Violations of the restriction should be reported as T.C.A. §55-10-616.

As per T.C.A. §55-10-616, an individual that has been declared a habitual motor vehicle offender that is found in violation of the restriction has committed a Class E Felony.

Sealed Indictments:

When a case is filed under a sealed indictment, it should be reported with other filings for the month. By checking the "sealed" box, the system will remove all identifying information.

Juvenile cases:

Only check the juvenile box if the defendant is not being tried as an adult.

Pre-Trial or Judicial Diversion	<p>A system whereby certain defendants in criminal cases are referred to community agencies prior to trial while their criminal complaints or indictments are held in abeyance. If he/she responds successfully within a specified period (e.g., 90 days, more or less), the charges against him/her are commonly expunged.</p> <p>NOTE: These cases should be disposed at the time the defendant is put on diversion, not after the probationary period has expired.</p>

<p>8. Retired/Unapprehended Defendant</p>	<p>The case is retired or dismissed by the court because the defendant cannot be found or there is not affirmative action by the district attorney. (It is left up to the discretion of the judge as to when to eliminate such cases from the system.) If the defendant is located at a later time, a case may be reinstated. When the case is reinstated and the defendant is arrested, the case should be filed as it was originally filed (probably as a presentment) with either the same docket number or a different one. The filing date should be the date the defendant was arrested.</p>
<p>9. Other</p>	<p>Any manner of disposition that does not fit into one of the other listed categories.</p>

Pre-Trial or Judicial Diversion:

Upon the completion of the terms of Pre-Trial or Judicial Diversion, a corrected disposition should be reported. See page 25 for line-by-line instructions.

Probation Violation Dispositions:

In most cases, probation violations should be disposed as either "Conviction", "Guilty Plea-As Charged", or "Dismissal/Nolle Prosequi".

Expungements:

Once an order to expunge records is signed or received, report in any of the following ways:

- Send a copy of the "Order for the Expungement of Criminal Offender Record" form to the AOC. Please write the filing date of the original case at the top of the form or;
- Send a copy of the original disposition form to the AOC. Prior to mailing, check as the "Type of Filing" Expungement or;
- Send a correction. Instructions for expunging records by correction can be found on page 29.

The docket number, filing date, and count numbers (charges) for the original case being expunged must be provided.

Expungements will only be used to remove information from the database. They will not be counted as a new filing.

All copies of Expungement forms will be destroyed after the information has been removed.

Sealed Indictments:

All cases originally filed as a sealed indictment will not be considered "sealed" upon disposition. This allows all identifying information to become public record once the case has been disposed.

TJIS Reports for Data Verification

TJIS data is used for the Annual Report of the Judiciary.

This data is provided to the Office of the Comptroller to generate the annual weighted caseload study. The Comptroller's Office must present the findings of the updated study to both the Judicial Council and the Legislature each year. The data plays an integral part in reviewing and identifying needs for new judgeships, district attorneys general, and public defenders.

The data is also reported to various national judicial publications. It is very important that the data be as accurate and complete as possible.

Careful consideration should be given to these reports since the data is used in numerous ways. The following reports are sent to all clerks and judges for verification:

- **Pending Report**

This report is sent quarterly. A date will be listed at the top of the report. The report reflects cases and counts that have been filed prior to that date, but have not been disposed.

- **Audit Report**

Audit Reports are provided on a "request only" basis. The reports list cases and counts filed and/or disposed during a specific date range. It can be used by clerks and judges to verify case data.

The AOC will provide reports upon request.

Instructions for Cleanup of TJIS Pending Reports:

In an effort to make TJIS data as accurate as possible, please complete the following steps when correcting a pending report.

1. Look over each docket number carefully.

If a docket number is listed incorrectly, write (on the pending report) the correct docket number beside the incorrect docket number. If there is a docket number that does not belong, highlight it and indicate that it should be deleted.

2. For cases that are listed on the reports but should be disposed, four pieces of information are required: disposition date, manner of disposition, hearing and judge's name. This information should be written on the report beside the docket number and returned to the AOC for correcting.

Please bear in mind that the reports are "as of a specific date". The date should be displayed at the top of the report. If the report shows cases that have been disposed after the date listed for the report, do not submit disposition information for those cases. To simplify this, draw a line through the filing information on the report. **Only draw a line through cases that have been disposed since the date shown on the pending report.**

Frequent Reporting Problems

- **Criminal case coversheets missing required filing information.**
Location code, docket number, filing date, defendants name, type of filing, count number, TCA code, Offense Type, Offense Class, are required fields. It is important that all information is legible.
- **Criminal case coversheets missing required disposition information.**
Filing date must be entered on the disposition form. It is extremely important that the filing and disposition information is legible.
- **Filing cases with docket numbers that have a prefix or suffix and disposing of cases with a different or without a prefix or suffix on the docket number.** (Example: case filed as docket number V23499 and disposed of with docket number 23499.)
All cases should be reported with the exact same docket number and filing date.
- **Incorrectly Reporting Probation Violations, OPMW'S, and Post-Conviction Relief cases.**
 - Probation Violations, OPMW's, and Post-Conviction Relief cases must be reported.
 - In most cases, Probation Violations should not be disposed as 'Other' (9). See page 21 for detailed explanations.
 - Report "Petitions to Declare a Habitual Motor Vehicle Offender" as an OPMW, with TCA 11-11-1111. "Violations" of the restriction should be reported as a PII, with TCA 55-10-616, not with TCA 55-10-613.
- **Incorrect T.C.A. or Offense Class being submitted.**
 - First Degree Murder should be reported as a Felony, Offense Class (M), instead of a Felony, Offense Class (A).
 - Do not report T.C.A. section for Attempt, Solicitation, Conspiracy, Facilitation, or Criminal Responsibility. See page 13 for a detailed explanation.
 - All "Appeals from Lower Court" must have a T.C.A. code, offense type and class. Appeals from Lower Court must be reported as misdemeanors.

- **Diskettes submitted without identifying labels**
Diskettes should be submitted with County Name, Court, Month of Data, and Filing and/or Disposition written on the diskette.

- **Electronic Media submitted with inaccurate data.**
 - Please verify that files contain information and accurate monthly data.
 - Make sure that when emailing data, that the County name, Court, Month of Data, and Filings and/or Disposition is stated in the subject line.

- **Differences in case numbers or filing information when converting to new software, or upon initial automation.**
Contact the AOC prior to changing automated systems.

IN THE SUPREME COURT OF TENNESSEE AT NASHVILLE

**IN RE: AMENDMENT TO SUPREME COURT RULE 11, SUPERVISION OF THE
JUDICIAL SYSTEM**

ORDER

Supreme Court Rule 11, Section II, is hereby amended by deleting the section in its entirety and by substituting in its stead the following:

II. Functional improvement of judicial system - Uniform procedures for data collection in civil and criminal matters in circuit, criminal, chancery, probate, and general sessions courts. – a.

The judicial system of this State henceforth will function as an integrated unit under the direction and supervision of the Supreme Court.

b. Pursuant to its statutory duty to assist the Chief Justice of the Tennessee Supreme Court in improving the administration of justice, the Administrative Office of the Courts (AOC), working with a committee of representatives from the District Attorneys' General Conference, the Public Defenders' Conference, the Tennessee Judicial Conference, and the Clerks of Court Conference, has developed a procedure for the collection of uniform statistical data on matters filed in the Circuit, Criminal, and Chancery Courts of this state.

c. The Court finds that the data collection procedure designed by the Administrative Office of the Courts, in conjunction with the above-named committee, will aid in the accomplishment of the AOC's statutory duties, (T.C.A. § 16-3-803(g)), that the collection of statistical data by the AOC is specifically authorized by statute (T.C.A. § 16-3-803(i)); and that all judges, clerks of court, district attorneys general, district public defenders, other officers or employees of the courts, and all staff of offices or employees related to and serving the courts, are charged with complying with all requests for information from the Administrative Director of the Courts. Further, to ensure that comparable data is collected from all of the courts, data collection shall follow the standard definition of a case as set forth in T.C.A. § 16-1-117.

(1) Reporting Forms; Responsibility for Submission. Each clerk of a circuit, criminal, chancery, probate, general sessions, or municipal court with general sessions jurisdiction is responsible for submitting the forms required by this rule to the Technology Services Division of the Administrative Office of the Courts. Submission of forms specified by this rule shall be filed with the AOC not later than fifteen (15) days after the close of the month in which the case was filed and also the month in which it was disposed. Pursuant to the procedure, the AOC will provide a supply of the Civil Case Cover Sheets and the Criminal Case Cover Sheets, FORM NOS. TJIS/CI1 and TJIS/CR1, to the clerks of the Circuit, Criminal, Chancery, and Probate Courts. General Sessions Courts and Municipal Courts with general sessions jurisdiction will be provided with copies of FORM NOS. TJISGSCR1 and TJISGCCV1.

Clerks for courts of record other than juvenile court shall require that any complaint and summons

filed to commence, reopen, or reinstate a civil action shall be accompanied by a Civil Case Cover Sheet for reopened cases, FORM NO. TJIS/CI3, which has been completed by the initiating party or his/her representative. The clerks shall also require a new Civil Case Cover Sheet (Reopened Cases) to be completed upon the grant of a new trial. Upon issuance of a final order disposing of the case, the clerk of court shall complete the disposition portion of the Civil Case Cover Sheet in full. A portion of the cover sheet containing this disposition information shall then be forwarded to the AOC on a monthly basis.

In addition, the clerks of courts of record other than juvenile shall require that any indictment, presentment or criminal information that initiates a criminal action in circuit or criminal court shall be accompanied by a Criminal Case Cover Sheet which has been completed by the district attorney general or his/her office. The clerks shall complete a new Criminal Case Cover Sheet upon the grant of a new trial, upon a case appealed from a lower court, or upon any petition to re-open or reinstate a criminal action. Upon issuance of a final order or judgment disposing of the case, the clerk of the court shall complete the disposition portion of the Criminal Case Cover Sheet for each docket number and all related charges. When all charges on the form have been disposed of, these forms shall be forwarded by the clerk of court, on a monthly basis, to the AOC.

Effective July 1, 2002, clerks' offices that are automated shall report statistical information monthly to the AOC by computer diskette or electronic mail attachment. In the event that a clerk is unable to do so due to technical difficulties, the clerk may report by sending the completed Criminal Case Cover Sheets and/or Civil Case Cover Sheets to the AOC.

(2) Administrative Director; Reports Public Record When Filed. All reports specified by these rules shall be public records. The Administrative Director of the Courts shall publish an annual compilation of the reports. All judges, court clerks, district attorneys general, district public defenders, and officers of the court shall cooperate with the Administrative Director to ensure the accuracy of the reports. As required by statute, the Administrative Director of the Courts shall annually report to the Chair of the Judicial Council, the Chair of the Judiciary Committee of the Senate, the Chair of the Judiciary Committee of the House of Representatives, and the Office of the Comptroller Division of Research and Accountability as to the failure of any judge, district attorney general, district public defender, or court clerk to comply with any of the reporting requirements. Compliance with the reporting requirements includes, but is not limited to, submitting cover sheets within the fifteen (15) day time frame, submitting data every month, submitting data according to Implementation Manual guidelines, and using correct case numbering and definitions.

The Administrative Office of the Courts will provide written notification to any responsible reporting party found not to be in compliance with the statute or reporting guidelines. Written notification will detail the type of non-compliance and recommend the corrective action to be taken. If compliance is not achieved during the subsequent reporting period following notification, the Administrative Office of the Courts will no longer accept data from the office not in compliance, until such time as the error(s) are corrected. Notification of this action will be sent to all judges, district attorneys general, district public defenders, and court clerks within the district that the non-complying office is located in. Notification will also be sent to the District Attorney General Conference, the District Public Defender Conference, the Administrative Office of the Courts, and the County Officials Association of Tennessee. Any periods of non-compliance will also be reported in the annual report to the Judicial Council and the chairs of the House and Senate Judiciary Committees.

The Technology Services Division of the AOC shall provide an Implementation Manual that contains commentary and explanatory material pertaining to these rules and the report forms required by these rules. The Implementation Manual shall also contain a dictionary of terms to be used for case

reporting, and how the terms will be defined for reporting purposes.

(3) **Case Numbering.** For purposes of this rule, the term "docket number" is defined as the separate and distinct identification number used for a case once it is filed in criminal, circuit, chancery, or probate court.

An incident is defined as all criminal activity occurring in a twenty-four (24) hour period, committed by a single defendant.

Charges of a related nature shall be defined as charges against a single defendant that may have more than one victim and that are similar such as, but not limited to, burglaries, drug offenses, or serial rape.

A court proceeding is defined as all court activity relating to a case from initial filing through disposition at a single level of court, *i.e.* general sessions, circuit, appellate, or Supreme Court.

A criminal case in a court of record, except juvenile court, is defined as a single charge or set of charges, arising out of a single incident involving the same victim(s), concerning a single defendant in one court proceeding. Accordingly, all charges consolidated into a single proceeding shall be included under one case number. In no instance should separate docket numbers be assigned to each charge when multiple charges are filed against a single defendant when said charges are intended to be handled in the same court proceeding. An appeal, probation revocation, or other post judgment proceeding is considered a separate case.

Worthless check cases shall be defined as all worthless checks filed by the same affiant against the same defendant within a twenty-four (24) period with each check as a separate charge under one docket number.

In criminal cases, each defendant shall be assigned a separate case (docket) number. In the alternative, separate defendant identifiers (such as letters) shall be added to the end of the original docket number to reflect co-defendants listed in a single case or charge. In instances where multiple defendants are identified by appending a letter to the docket number, all dispositions must be filed in an identical manner.

District attorneys general shall treat multiple incidents as a single incident for purposes of this rule when the charges are of a related nature and it is the district attorney general's intention that all of the charges be handled in the same court proceeding.

Nothing in this rule is intended to alter or change in any way the Rules of Criminal Procedure governing severance and joinder.

The following diagram is provided as a guidance to properly number criminal cases.

A civil case shall be defined as all motions, petitions, claims, counter claims, or proceedings between the parties resulting from the initial filing until the case is disposed. A docket number will be assigned to a civil case upon filing. Until said cases are disposed all subsequent motions, petitions, claims, counter claims, or proceedings between the parties resulting from the initial filing will be handled under the assigned docket number and will not be assigned a new docket number. Once a civil case has been disposed and further actions occur on the case, the original case will be reopened using the same docket number under which it was originally filed. All subsequent motions, petitions, claims, counter claims, and proceedings relating to the reopened case will be handled under the one reopened case docket number until disposed. Any subsequent reopenings will still use the original docket number.

(4) **General Sessions Reporting** - Effective July 1, 2003, or sooner if practical, all general sessions courts and municipal courts with general sessions jurisdiction shall collect and report to the AOC all civil and criminal case data in accordance with the definitions provided under Part (3) above and

guidelines published by the AOC.

Clerks of general sessions and municipal courts with general sessions jurisdiction shall file monthly reports with the AOC using FORM NOS. TJISGSCR1 and TJISGSCV1. Forms shall be submitted no later than the fifteenth (15) day of month following the month for which data is being reported.

General sessions courts and municipal courts with general sessions jurisdiction having an automated case management system shall report the collected data in accordance with the guidelines by diskette or e-mail submission.
