AT NASHVILLE

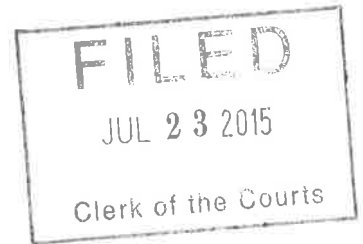

**STEPHEN WEST, ET AL. v. DERRICK D. SCHOFIELD, ET AL.**

**Chancery Court for Davidson County

**ORDER**

The appellees filed a notice with this court on July 17, 2015, suggesting that this application for an extraordinary appeal is now moot. The appellants filed a response on July 22, 2015, insisting the application is not moot, at least not yet. Having considered the notice and response, we have concluded that this court's order of July 14, 2015, shall remain in effect pending further orders of this court. The portions of the trial court's ruling regarding the visit to the prison and the testimony of the Department of Correction employee who may carry out executions by lethal injection remain stayed pending resolution of the application, and the appellees must file an answer to the application on or before July 29, 2015.
