

Tennessee State Library & Archives Parking Garage Instructions

The parking garage is located off Junior Gilliam Way (between 5th & 6th). The garage entrance is located closer to the Bicentennial Mall side (6th).

Before entering the garage, you'll see a keypad on the left (picture below). You'll need to use the airphone in the middle to call the front desk. Please let them know the purpose of your visit to TSLA (ALJ Training in the East TN Meeting Room) and they will raise the gate arm.

You can park in any visitor parking space (located in the middle of the garage). Numbered spaces are reserved.
