## Overview

The Administrative Offices of the Courts (AOC) uses the Access Management Portal (AMP) as a sign on a security system to control access to AOC applications. Under AMP, the user will log into a single web site to gain access to any AOC applications tied to AMP.

Once a user establishes their AMP account, the application administrator will assign the appropriate role for that individual within the application itself to control what level of user access.

## General considerations

- The best browser to use is Google Chrome but you can use IE, Firefox, or Safari.

## Accessing AMP

To access AMP as a stand-alone application use <https://amp.tncourts.gov/> (which will show a list of the applications you have access to)

Figure 1: AMP direct URL address

But if you have an application you routinely go to after login use this type of link: <https://amp.tncourts.gov/?ReturnUrl=https://application.tncourts.gov> (for automatic redirecting to your primary application)

Figure 2: ADR application return URL

Figure 3: Rule 12 Return URL

Please add this address to your favorites list in your browser or set up a shortcut on your desktop for easy access.

## Access Management Portal Main Page

From the Access Management Portal Main login page, you can perform three tasks;

- Login
- Register for an AMP account
- Reset your password

### Login Page

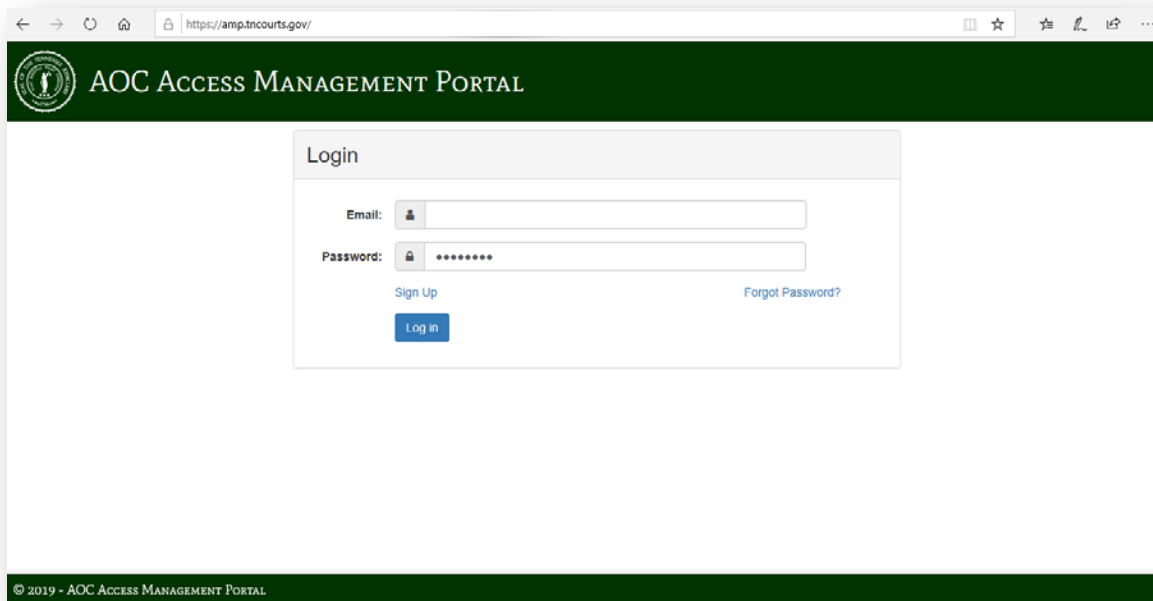

Figure 4: AMP Login Screen

After entering your login credentials and clicking on the Login button you will be directed to the AMP Message screen where an announcement.

Figure 5: AMP Message Screen

By clicking on the “Continue to Main Menu” button, you will be taken to an AMP screen with a list of applications that you have access to.

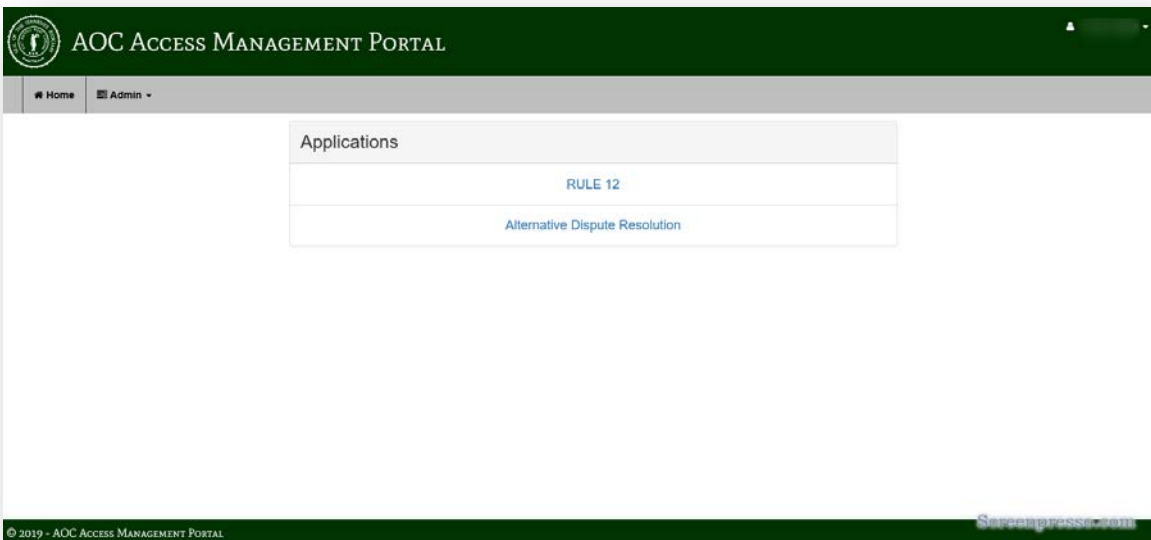

Figure 6: AMP Application Selection Screen

## Registering your AMP Account

## Access Management Portal User Guide

To create a new account in AMP click on the **Sign-Up** button.

Figure 7: AMP Login screen

Complete the required fields and click on the Register button.

Figure 8: Registering your AMP Account

Password requirements:

## Access Management Portal User Guide

- Must be at least eight (8) characters in length
- Must contain at least one number
- Must contain at least one lowercase letter
- Must contain at least one uppercase letter
- Must contain at least one special character
- Cannot reuse previous passwords

If you enter an email that is already in the system, you will get the following messages:

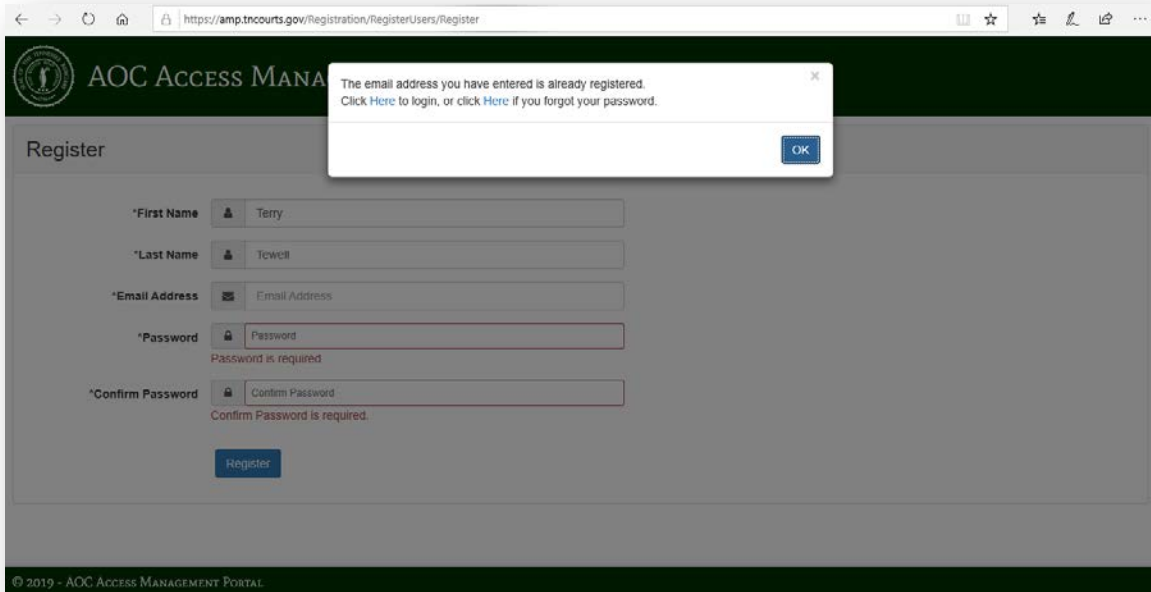

Figure 9: Email already exists message

Click on the Register button. The system will send an email to the email you registered.

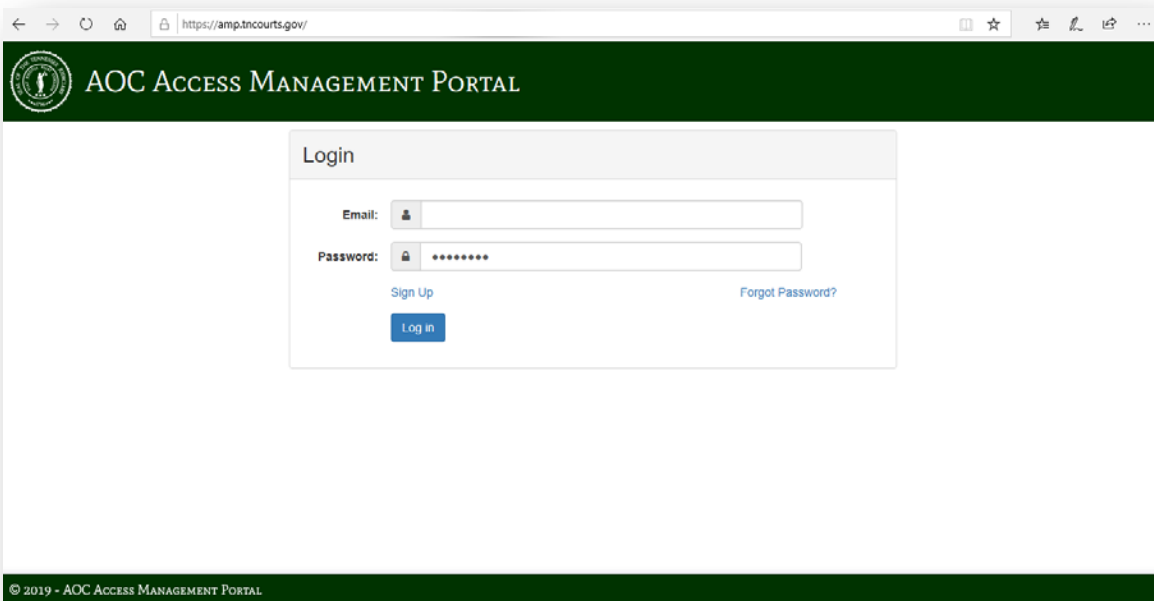

Figure 10: Registration Acknowledgement email

After clicking on the “**here**” you will be taken back to the Log in screen.

## Resetting your AMP Password

After you received an invite email, you will need to set your password. Alternatively, when you want to reset your password you will do this by clicking on the “**Forgot Password**” link. You do not need to enter any other data on this screen.

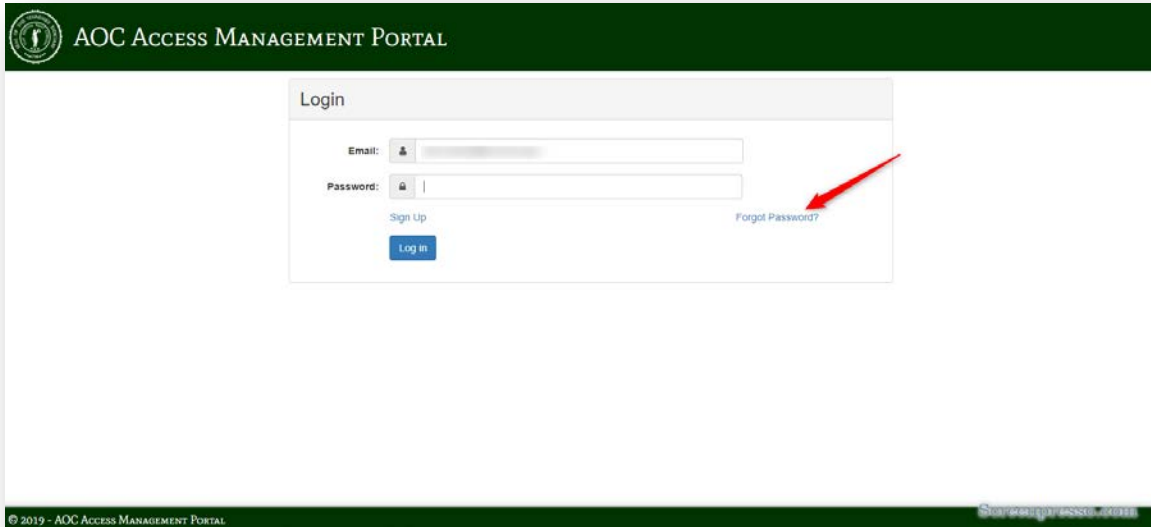

Figure 11: Forgot Password

### Setting your password

After you clicked on the Forgot Password link the following screen will display. You will need to enter your email (The same as on the invite email) and click “**Submit**”

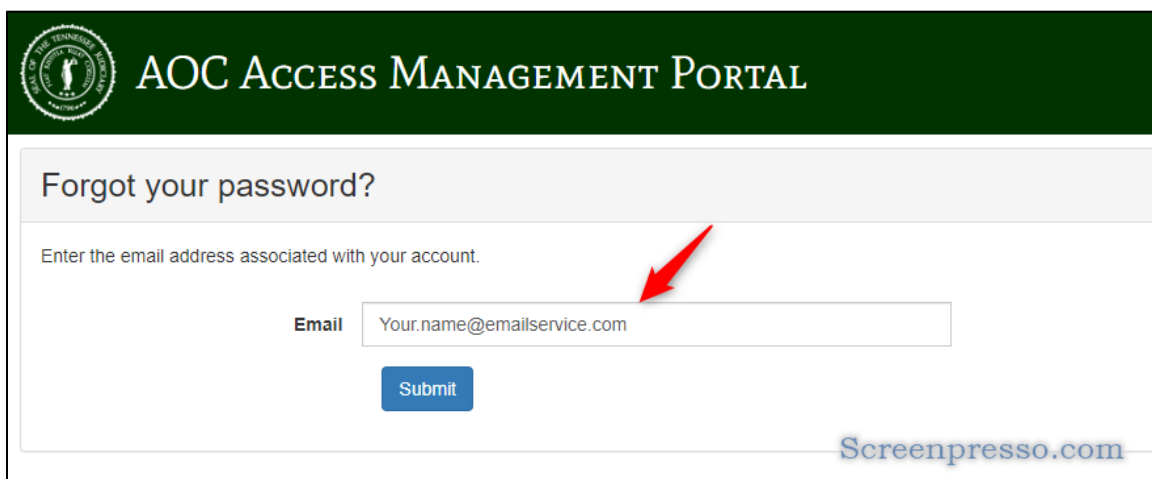

Figure 12: Forgot Password email entry

## Access Management Portal User Guide

Once you have click on the Submit button you will see the following screen confirming that you have requested you password to be set/reset. No further action is required. You will shortly receive an email to take you to the password reset screen.

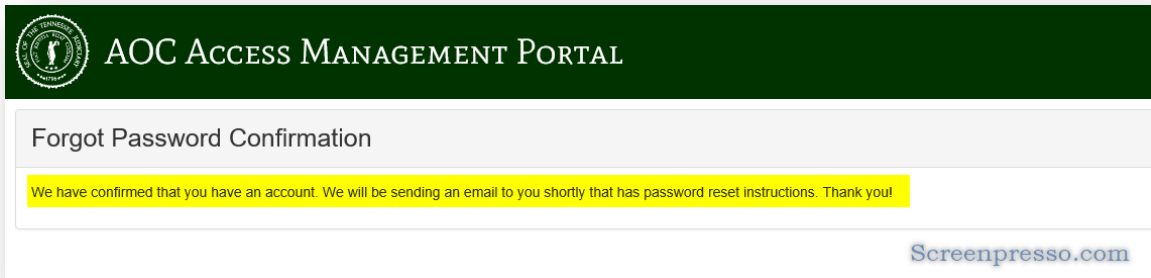

Figure 13: Forgot Password Confirmation

## Password reset instructions email

You will receive an email from [Do.Not.Reply@tncourts.gov](mailto:Do.Not.Reply@tncourts.gov). with instructions on resetting your password. You may need to check junk/spam file in your email if you do not see the email in your inbox.
