¹For oral argument, the Court is particularly interested in the following issues: (1) Did the Court of Criminal Appeals err in determining that the ten-day period in Tenn. Code Ann. §40-30-217(c) began to run from the date the order denying the motion to reopen was signed by the trial court and entered on the minutes, rather than the date the order was filed by the trial court clerk? (2) In light of Tenn. Sup. Ct. R. 28, § 2(G), did the Court of Criminal appeals err in calculating the date the notice of appeal was filed?
