¹For oral argument, the Court is particularly interested in the following issues: In cases where the denial of pretrial diversion is appealed after trial, may the court of Criminal Appeals consider the evidence at trial when reviewing that denial of diversion; and Will the trial court's failure to follow proper procedures when determining whether the district attorney general abused his discretion warrant relief? This statement of the issue(s) for oral argument does not prevent the parties from raising additional issues pursuant to Rule 13(a), TRAP.
