Court Security Chief, Chief Deputy E. Rick Lisi, working in conjunction with the Tennessee Law Enforcement Training Academy (TLETA), scheduled and conducted training at the Clay County Courthouse. The focus of this training was to provide all court staff, Clerks/Attorneys/ADA/Court Security Deputies with scenario based training. Utilizing a video simulator, classroom, and non-lethal simulation training ammunition, personnel were exposed to various use of force situations in a realistic stress induced environment.

Please describe any recent court security incidents in your county or unique court security issues facing your county.

Numerous incidents of assault/disorderly conduct events have resulted in court security deputies having to rely on antiquated/outdated less lethal weapon systems.

Please explain if and how security staffing issues have impacted court security in your county.

Staffing a security team in this economic climate is extremely challenging. The pay scale for our court security deputies is below the regional pay scale for numerous other employers/jobs. The short-fall has required our agency to utilize patrol deputies to fill in from time to time.

Also, as our agency must transport many of our male inmates (and ALL our female inmates as we do not house female inmates), due to our antiquated and dilapidated jail, many times we have had issues with staffing for court transports.

What are your highest priority needs related to improving court security in your county?

Funding for outdated less lethal systems would help immensely.
