INTRODUCTION

Tennessee Code Annotated section 17-4-301 et seq. charges the Trial Court Vacancy Commission with assisting the Governor and the People of Tennessee in finding and appointing the best qualified candidates for judicial offices in this State. Please consider the Commission's responsibility in answering the questions in this application questionnaire. For example, when a question asks you to "describe" certain things, please provide a description that contains relevant information about the subject of the question and, especially, that contains detailed information that demonstrates that you are qualified for the judicial office you seek. In order to properly evaluate your application, the Commission needs information about the range of your experience, the depth and breadth of your legal knowledge, and your personal traits such as integrity, fairness, and work habits.

This document is available in Microsoft Word format from the Administrative Office of the Courts (telephone 800-448-7970 or 615-741-2687; website www.tncourts.gov). The Commission requests that applicants obtain the Microsoft Word form and respond directly on the form. Respond in the box provided below each question. (The box will expand as you type in the document.) Review the separate instruction sheet prior to completing this document. Your complete application, including both the original and digital copies, must be received by the Administrative Office of the Courts on or before the deadline prescribed in the Notice of Vacancy. See section 1(g) of the application instructions for additional information related to hand-delivery of application packages.

THIS APPLICATION IS OPEN TO PUBLIC INSPECTION AFTER YOU SUBMIT IT.

I was licensed in 2013. My BPR # 032412.

Also include here a description of any occupation, business, or profession other than the practice of law in which you have ever been engaged (excluding military service, which is covered by a separate question).

April 2023 to present

I have resumed my private practice in full. I currently accept private hire cases and court appointed cases in the Knox County Criminal court. I also accept private cases in the area of family law, social security disability, personal injury, and probate matters.

July 2022 to April 2023

Title IV-D attorney for the Knox County Child support Office. I worked as the state attorney of the Child Support Office in Knox County. This required case management and managing the case dockets for the court.

October 2013 to July 2022

In May of 2013, I graduated from Duncan School of Law, Lincoln Memorial University with my Juris Doctorate. I successfully completed the bar exam in July of 2013. I have been self-employed the majority of that time. Shortly before my graduation my husband and I purchased a small house on the main highway in Blaine where we live, and we remodeled it for my office. My first experience as an attorney was in the criminal law area of the 4th 6th and 8th Districts. During the past ten years, my practice has expanded from the criminal court into the civil court arena. Currently, I have many criminal cases as well as several civil cases. My civil practice includes divorces, contract disputes, and personal injury, wills, and probate issues. I thoroughly enjoy the wide variety of cases that I am able to participate in as a self-employed practitioner. For a short time, from July 2022 to April 2023, I worked as a State of Tennessee Title IV-D attorney in the Knox County Child Support Office.

In addition my husband and I owned and operated a private trucking business from 2013 to 2023. The business was R&R Transfer Services, Inc. We owned and operated two trucks and two trailers. We closed this business in July of 2023.

2010-2013:

Attended the Duncan School of Law Lincoln Memorial University full-time day program.

2009 – 2010

During this year, I was waiting to be accepted in to law school and worked as a paralegal at the Kaufman Law firm.

1992 – 2009

In May of 1992, I graduated from Bristol University with an Associate Degree in Court Reporting. Upon graduation, I began working as a court reporter and continued this work until I entered law school in 2010. While court reporting, for approximately 17 years, I worked in many different courts in the east Tennessee area. As a court reporter, you are exposed to a wide variety of law topics ranging from family law, civil litigation, and criminal law. During this time, I also worked in Monroe County Florida for approximately three years.

This covers the previous 25 years. Prior to this, I worked in several small jobs as office assistant, receptionist, or waitress. I cannot recall the details of these different employments at this time.

6. Describe the nature of your present law practice, listing the major areas of law in which you practice and the percentage each constitutes of your total practice.

My practice consists of various types of cases. Currently, the majority of my cases are in the area of criminal law, approximately 75%. I have family law cases, including divorce, adoption, wills, and probate matters, approximately 15%. The remaining 10% of my cases would be personal injury, social security filings, and general civil litigation.

7. Describe generally your experience (over your entire time as a licensed attorney) in trial courts, appellate courts, administrative bodies, legislative or regulatory bodies, other forums, and/or transactional matters.

At this point, the majority of my experience as a licensed attorney is in the trial court arena. In the State Court of Knox County I have conducted jury trials defendants in rape cases, drug conspiracy cases, attempted murder cases and many other types of criminal cases. I have been admitted to the Federal District Court of the Eastern District of Tennessee as well.

8. Describe any matters of special note involving your practice in trial courts, appellate courts, and administrative bodies.

I would highlight as a special note, that I love all areas of my practice. In particular, in my criminal law cases, I devote a lot of time to helping and assisting my criminal clients with rehabilitation services, such as employment, treatment programs, and counselling for becoming a productive member of society.

I support the Drug Court Programs 100% and work very hard to assist my clients with substance abuse issues.

Further, I work with the district attorneys and many governmental / medical programs to assist my clients who have mental health issues to get them an established support system and accepted into treatment programs.

With regard to my civil cases, I would highlight the fact that I work hard to achieve an outcome for their cases which is fair under the law and that is satisfying to them.

9. Describe any other legal experience, not stated above, that you would like to bring to the attention of the Commission.

My legal experience began in 1992 when I began working as a court reporter. I knew then that I would one day become an attorney. Shortly after beginning work as an attorney, I knew I would one day be a judge. I know this is what I am meant to do.

For seventeen years, my experience as a court reporter exposed me to many different areas of law. Listening to the many arguments of counsel and rulings of judges was a very valuable education. Now working as an attorney, I utilized the knowledge I have gained over the past twenty years to make my practice of law a successful career.

10. List and describe all prior occasions on which you have submitted an application for any state or federal judicial position.

I have submitted this application once previously for a trial court vacancy in 2017.

EDUCATION

11. List each college, law school, and other graduate school which you have attended, including dates of attendance, degree awarded, major, any form of recognition or other aspects of your education you believe are relevant, and your reason for leaving each school if no degree was awarded.

1992 – Bristol University, Associate of Science in Court Reporting

In my ten years as an attorney, I have had several clients call and thank me personally for going that extra mile to help them when they really needed it. ESSAYS/PERSONAL STATEMENTS

28. What are your reasons for seeking this position? *(150 words or less)*

The main reason I am applying for this position is: I absolutely love this work. Since 1992, I have worked in the legal field and have loved every day of it. I enjoy helping the citizens of my district with their legal issues. Often residents of Grainger and surrounding counties call me with a question, and I appreciate the opportunity to help them understand their legal issue.

Since becoming an attorney, I have built many positive, successful professional relationships with the judiciary I practice before, the district attorneys I work with in criminal matters, and the opposing counsel I work with in different civil matters. I have established this good foundation in multiple judicial districts. This foundation of good relationships with other members of the bar and the judiciary will be a great asset to me in performing the necessary work of a circuit court judge.

29. Describe the judgeship you seek (i.e. geographic area, types of cases, number of judges, etc. and explain how your selection would impact the court. *(150 words or less)*

30. Will you uphold the law even if you disagree with the substance of the law (e.g., statute or rule) at issue? Give an example from your experience as a licensed attorney that supports your response to this question. *(250 words or less)*

Absolutely. Working in the legal field, I have come to know the law is fluid. Sometimes the changes work out well for society, and sometimes the results obtained do not necessarily achieve the goals the legislature intended.

For example, the 2014 law which made it a crime to expose unborn children to drugs is not something I necessarily agree with because I believe this law causes mothers to fear punishment and disregard the welfare of their unborn child. However, it is the current state of the law and must be followed unless and until it is changed.

I do agree with the recent change in the theft statute. Increasing the misdemeanor theft limit from \$500.00 to \$1,000.00 brings the theft statute in line with the value of goods available in the market place. It reduces the number of felony charges in the court system which will decrease jail and prison populations, and reduce the impact on judicial and court resources.

These areas of law are huge social issues. The drug law for expectant mothers dramatically affected the innocent lives of the babies. The increase in the misdemeanor theft amount will decrease the burden on tax payer funds used to prosecute felony thefts. The extra funds could be distributed to other areas of society, such as infrastructure and education.

As a judge, I would not punish a person with anything more than the law allows. A judge should not overstep their authority, and they must be fair and impartial.
